He would like the Court to investigate the issue and see what can be done.

**COUNTY ROAD SYSTEM  
LEEANNA LANE**

Magistrate Logsdon brought it to the Courts attention that Leeanna Lane in Mount Washington was incorrectly deemed a private road 27 years ago. The road met all standards 27 years ago, and the surrounding roads are all county maintained. The condition of the road does not meet the County Road standards, so he is asking the Court if the homeowner's purchase the blacktop and supplies, the Road Department could perform the labor. He would like to accept Leeanna Road into the County Road System, but they need help to get it back to standard quality. Discussion was had regarding opening this up to other private roads needing assistance and wanting to be taken into the County Road System.

On motion of Esq. Bleemel, seconded by Esq. Johnson, with Fiscal Court having concurred, to accept Leeanna Lane into the Bullitt County Road Maintenance System once it complies to standards, which include the residents purchasing all materials, and the Road Department assisting with the equipment and labor of blacktopping.
